CONN BROTHERS

Lancaster, Ky.

Strawberries, fresh and fine for preserves at \$2.25 per six gallon crate. Phone 354-F. Walton Moss.

There will be an Ice Cream and Strawberry supper at Chapel Church on Saturday, June 1st. Everyone is invited.

The Baptist Ladies Aid Society will serve strawberries, cream and cake on the East Court House steps, Saturday afternoon and evening. Everybody invited.

Mr. Walton E. Moss has the thanks of the entire Record force for some fine home grown Strawberries which he brought to this office Wednesday. His berries are the largest, cleanest and sweetest tasting we ever ate.

The following gentlemen are attending the democratic convention in Louisville this week: A. B. Brown Jr., J. A. Bratton, J. E. Robinson, Chas. Anderson, Dave Sanders, Thoms Arnold, Dave Sutton, Cleveland Bourne, J. R. Mount, M. D. Hughes and Buster Fife.

The district Sunday School Convention was held at Buckeye last Sunday a large crowd was in attendance and much interest was manifested, in such great Sunday School work. Addresses were made by Mrs. Mattie Duncan, of Lancaster, Rev. I. D. Timberlake, of Indiana, and Rev. Lacy of Lexington.

Notable Visitor.

Mr. George L. Bennett, a prominent farmer of Vinita Okla., is the guest of his kinsman Mr. James N. Denny. Mr. Bennett married a sister of the late Mrs. Denny, who was a native of Columbia Mo. and a sister of Mr. Bennett married Speaker Champ Clark. Mr. Bennett is a successful farmer in the new state of Oklahoma and is much pleased with that country.

Bogle.

Dr. J. C. Bogle died at his home in Danville Sunday afternoon after an illness of only ten days. Dr. Bogle was 63 years of age and was one of the most prominent physicians and highly respected citizens of Boyle county. Dr. Bogle was a native of west Lincoln county. He was a brother of Mr. William A. Bogle who formerly resided here, and who married Miss Alma daughter of the late William H. Wherritt.

Valuable Decision.

The decision of the Appellate Court holding that a majority of a Fiscal Court, and not a majority of a quorum must determine a question before the court, is a valuable one, says the Frankfort News-Journal. There should at least be required of the members of Fiscal Court a formal attention to their duties. A majority of a quorum should certainly not be allowed to have authority to dispose of county funds and do other acts of importance to taxpayers.

The County Sunday School Convention will be held at the Baptist church June 8th at 9 a. m. All are invited. 2t

Mr. James Robinson, who resides near Hubble, and who is the father of Hon. J. E. Robinson, is quite ill at his home, and because of his advanced years grave fears are entertained for his recovery.

Dr. Johnson Recuperating.

We are glad to see Dr. William Johnson, the local colored physician back at home and able to resume his labor. Dr. Johnson was recently stricken with an attack of appendicitis and was taken to a Lexington hospital, where an operation was performed, which afforded him relief.

Hospital Sold.

Hughes & Swinebroad sold for the Lancaster Hospital Company the building on Danville Street to Dr. D. F. Smith of Williamsburg Ky, who will locate here for the practice of his profession. We are glad to welcome Dr. Smith to Lancaster.

Destructive Fire At Lebanon Junction.

Fire last Friday swept the little town of Lebanon Junction, 30 miles out of Louisville at the intersection of the Knoxville Branch and the Main line of the L. & N. R. R. The fire originated in the grocery store of A. Davis and before it could be extinguished had entirely destroyed the business portion of the town, entailing a loss of \$250,000.

Now For A Rest.

We will now have a rest from politics, at least from National politics in so far as local demands are concerned. The convention last Saturday marked the passing of the "Mass Convention", for which everyone is thankful. Surely the farmer will rejoice that he will now be able to plough a furrow of corn from one end to the other without being stopped by the importunities of a politician.

Clover Harvest.

The best stand of clover ever seen in Garrard county is about ready for the sickle. The acreage is large, the crop heavy and luxuriant, and if the weather permits there will be an unprecedented crop of clover hay harvested in the county this season. The cutting usually begins about June 10th, but the crop is a little forward this year and farmers are preparing to get into it next week.

Dripping Springs To Open.

"Uncle Sam" Rothwell was down from Dripping Springs Saturday and stayed over Sunday. Mr. Rothwell has not been in the best of health and has been confined to the house most of the winter, but is much improved and is able to attend to business again. He tells us that because of the fact that his garden is backward, as is also his crop of frying chickens, and that the Springs will not open this season until about June 15th.

County Court Day.

Monday was county court day and about as dull one as has been witnessed here in many days. The farmers were busy in their crops and what few came to town were attracted by the political speaking. Capt. Am. Bourne reports the sale of one aged mule for A. J. Rice to James I. Hamilton for \$65.25, sows and pigs \$15. to 25., 3 plug horses at prices ranging from \$60 to \$85, and a lot of second hand vehicles.

There were about sixty cattle at the stock yards, consisting of cows, calves and young light stuff which brought good prices. One bunch of 25-700 pound steers was sold to Griggs & Peel of Jessamine county at an average of \$30. per head.

Dean-McDougal.

"Lancaster, Ky., May 22.—(Special) Relatives have received word of the marriage in Cincinnati of Miss Mary Olive Dean, of Warsaw, Ky., and Mr. Ivan McDougal, son of Prof. McDougal, of the State Normal School of Richmond. The bride was a member of the Lancaster graded school faculty and had been retained by the school trustees for the coming year."

The above article appeared in a recent issue of the Courier-Journal under a Lancaster date line. A letter from Miss Dean to the Record states that the article is a mistake, and that she is most assuredly not married, and that she is very much chagrined that such a report should be sent out from Lancaster.

Blue Grass Seed.

The season for the garnering of the blue grass seed is at hand and the prospects for a bumper crop is splendid. Messrs Denny Bros. and Mr. R. P. Gregory will start out about ten strippers each this week to gather the crop. These gentlemen have purchased hundreds of acres of the seed in this and adjoining counties, and provided the weather is propitious, they will reap a bountiful harvest. The stripping of blue grass seed is no joke, the average cost of operating a stripper is about \$50. per day, and after the seed is gathered, the utmost care must be exercised to save it, it must be spread in a dry cool place, and stirred constantly to prevent it from heating during the curing process, which consumes about two to three weeks. No prices have as yet been quoted, but in conformity with other field seed it is reasonable to suppose it will command a good price.

NO CHANGE

In Standing of Contestants.

There is no change in the standing of contestants in the great piano contest, the voting is animated and the various young ladies who are struggling for the prizes are pushing their claims vigorously. Some of the contestants may be holding back their votes and are liable to vote a great number of them at any time thereby changing completely the line up, therefore it behooves each and every one to be unrelaxing in their efforts, for if at any time one begins to feel assured of her standing and for one day relax her efforts, she may find herself ousted from her position and will be forced to renewed efforts to regain her lost ground. Following is the standing of the contestants at the last count:—

Wynn

Mr. Wynn who was connected with Mr. J. Y. Robinson of this city in the mule trade in Columbus and other Georgia cities, died at Elkin & Goldsmith's sanitarium in Atlanta Ga. after a month's illness of Bright's disease. Mr. Wynn has visited Mr. Robinson here frequently, and during his stay made many friends in this locality, all of whom will regret to hear of his death.

O'Brien's Minstrels.

J. C. O'Brien's Minstrels exhibited under a tent at the Ball Park on last Saturday night. The aggregation, with the exception of the management was composed entirely of negroes. Some of their acts were fairly good, but on the whole the performance was below the average, nothing like in keeping with the prices charged, which were regular "circus prices", 50 cents admission and 25 cents reserved seats. It is to be hoped that the City Council demand a good stiff license of such troupes as they are absolutely of no benefit to the town, and if they will persist in such high prices they should be charged a license in keeping with their entrance fees.

Gov. McCreary Made Temporary Chairman.

Gov. James B. McCreary was elected temporary chairman of the state democratic convention now in session in Louisville, the vote being McCreary 658, James 567, whereupon Senator James made a motion to make Gov. McCreary's election unanimous, which was done. Senator James was then appointed one of a committee to escort the newly elected chairman to the chair. Gov. McCreary in his speech of acceptance asserted his friendship for Rufus H. Vansant for Chairman of the State Central Committee, which indicates very clearly that Mr. Van Sant will have the support of the administration for the office, which will practically insure his election.

In the eighth district convention which was held prior to the holding of the state convention Col. R. G. Evans of Danville and Dr. W. R. Ray of Shelby county were elected delegates from the district to the national convention at Baltimore and R. M. Hunter of Jessamine and Dr. C. W. Kavanaugh of Anderson as alternates. Rodney W. Keenon of Harrodsburg was elected a member of the state central committee. Mr. Joseph R. Mount of this county was a member of the committee on resolutions.

WHEN purchasing plumbing fixtures for the bathroom, kitchen or laundry, one of the first important features to consider is their sanitary worth, because plumbing fixtures that possess every attribute of a perfect sanitary equipment insure comfort, economy and home health.

The next equally important consideration is their proper installation. Much depends on the proper installation of plumbing fixtures to insure efficient and satisfactory service.

By having us install "Standard" plumbing fixtures every necessary requisite of a perfect plumbing equipment is assured.
